

Press-release

VSMPO-AVISMA and Plymouth Tube Company have signed a long-term titanium supply contract

Verkhnyaya Salda, January 14, 2022 – VSMPO-AVISMA Corporation has concluded a long-term contract with Plymouth Engineered Shapes (PES), a unit of Plymouth Tube Company, for the supply of titanium mill products until the end of December 2024.

According to the terms of the contract, VSMPO-AVISMA will supply titanium stocks for Plymouth Engineered Shapes, a United States company. Titanium is used in the manufacture of parts intended for various aerospace program applications.

Oleg Leder, Deputy Director General for Marketing and Sales, VSMPO-AVISMA Corporation: "Our Company has been cooperating with Plymouth regarding the manufacturing of titanium products for a long time, and this agreement enhances the relationship and sustains it into the future. The contract which is valid until the end of 2024 will facilitate long-term cooperation between VSMPO-AVISMA and Plymouth".

In partnership with Plymouth Engineered Shapes, VSMPO-AVISMA will ensure the supply of titanium and provide contract support, including just-in-time delivery via its corporate representative offices and warehouses.
